Design & Visual Arts Programs at Georgian College, Canada
TURN YOUR **PASSION** INTO A **CAREER**!

GET THE **GEORGIAN** ADVANTAGE!
Art & Design Fundamentals (AADF)

Ontario College Certificate – 1 year

- Solid foundation in art & design.
- Provides students with the opportunity to assess which area of the visual arts is most appropriate to their abilities.
- Effective research, problem-solving and conceptualization skills are developed to nurture students’ talents and prepare them for future studies in art and design.
Fine Arts (FIAR) / Fine Arts Advanced (FIAA)

Ontario College Diploma – 2 years / Ontario College Advanced Diploma – 3 years

- Develops and fosters creative and artistic ability in a variety of studio areas.
- Students are engaged and challenged to achieve their individual goals and objectives as artists within a variety of traditional and non-traditional media.
- Courses figure both practical and theoretical components.
- Provides important practical information on the business and professional practices necessary to successfully operate within the various professions of fine art.
Digital Photography & Imaging (DPAI)

Ontario College Diploma – 2 years

- The three main areas that the program focuses on are digital capture, imaging technologies, and entrepreneurial skills.
- Students use industry standard hardware and software to capture and manipulate images in a way that demonstrates their skill and creativity. Students learn how to integrate digital imaging techniques with the fundamentals of photography in order to create images that communicate effectively and meet the needs of a client.
- Furthermore, students develop business and career development skills that are relevant to the digital photography and imaging industries.
Graphic Design Production (GRDP) / Graphic Design (GRDE)

Ontario College Diploma – 2 years / Ontario College Advanced Diploma – 3 years

- Program involves interdisciplinary, problem-solving activities which combine visual sensitivity with skill and knowledge in the area of communications, technology and business.
- Courses designed to specialize in the structuring of visual information to aid communication and orientation in both print and web based format.
- Students are student members of the Association of Registered Graphic Designers of Ontario (RGD Ontario).
Goldsmithing & Silversmithing (GLDS)

Certificate of Professional Achievement – 1 year

- Students will refine their jewellery and metalworking skills, develop their design abilities and acquire the knowledge and skills necessary to design, produce and market jewellery, flatware and hollowware.

- Students specialize in either goldsmithing or silversmithing. Within their area of specialization, students choose a number of advanced techniques to concentrate on, and develop the in-depth knowledge and skills that would allow them to work independently or as designers.
Jewellery & Metals (JMET)

Ontario College Diploma – 2 years

- Comprehensive education in the design theory and technical and aesthetic skills required by the jewellery and metals industry for entry level positions.
- The emphasis in Semesters 1 and 2 is on basic information and techniques as related to jewellery. Advanced jewellery techniques will be learned as well as hollowware and flatware in Semester 3 and 4.
- Note: Graduates of this program are eligible to apply for the post-graduate diploma program of GLDS (Goldsmithing and Silversmithing).
Interior Design *(INTE) / (INTR)*

Ontario College Diploma – 2 years / Ontario College Advanced Diploma – 3 years

- Provides students with a broad-based proficiency in interior space design and physical space management that will enable graduates to proceed to productive and rewarding professional careers in interior design.

- The program of study begins with the development of fundamental creative and technical design skills. These skills are directed towards assessment of clients' needs and goals and the analysis and synthesis of theoretical, technical, building code and practical knowledge in the creation of interior environments that enhance the quality of life and protect the health, safety and well being of the people who utilize the spaces.
Interior Decorating (INDC)

Ontario College Diploma – 2 years

- Interior decorating is the art of creating distinctive and integrated interior environments that respond to functional needs and address aesthetic perceptions. The program involves the planning of space, beautification and furnishing of interiors and the documentation of design concepts resulting in a composition that conveys a sense of place.

- Courses are delivered in a variety of formats including lecture, studio and lab. In addition, a variety of field trips as well as a field placement component connects students with the industry prior to graduation.

- Graduates will have the knowledge and essential skills to interpret client requirements, create innovative interiors and pursue employment in the decorating field.
Kitchen & Bath Design (KBDE)

Ontario College Graduate Certificate – 1 year

- Specialized service within the residential interior decorating and design professions. Graduates of this program will build on previous design education and experience to acquire industry standard skills and expertise applicable to the kitchen and bath industry.

- Students assess client needs and focus on function-based design solutions and aesthetic, durability, and environmental considerations.

- This program covers technical documentation, specification conventions, fabrication methods, infrastructure issues, and relevant business practices.
Museum & Gallery Studies (MUSM)

Ontario College Graduate Certificate – 1 year

- Provides students with a broad-based foundation in museum and gallery work, including the main technical areas common to all museums and galleries: conservation and collections management, exhibition design, public programming, and administration.
- This one year (three semester) graduate certificate program will give students a cross section of museum and gallery studies, combining academics, technical practice, and an internship.
Let passion & creativity bring the right opportunities!
