

To whom it may concern

This is to confirm that as per the new SPP Checklist (as of September 2012), students have to account for C\$10,000 for their living expenses and have to submit the same through a Guaranteed Investment Certificate (GIC) ---which is mandatory – from Scotiabank or ICICI Bank.

The living expenses mentioned on the college's letter of acceptance are only indicative and the students must follow the living expenses amount set by the SPP Checklist for the visa application procedure
